

## Easter Nests

### INGREDIENTS

400g milk cooking chocolate, 50g plain cooking chocolate, 50g unsalted butter, 200g shredded wheat, 2 bags of mini eggs, cake cases.

### DIRECTIONS

Break up the chocolate into small pieces and then put into a glass bowl with the butter, melt over simmering water on the stove and mix together until melted. Leave to cool. Meanwhile, break up the shredded wheat into another bowl until it is completely crumbled. Then add the melted, cooled chocolate and mix together well. Finally add the mixture to cake cases and lay a few mini eggs on each 'nest'.

Happy Easter!
